3. Official Rules of Play

By playing 2 Hand Holdem, you agree to abide by the official game rules:

1. **BLINDS:** The player posts a blind of equal value on each of the two hands ($2 \times$ the chosen bet size) to start the hand.
2. **DEAL:** The player receives 4 hole cards face up. 3 community cards (“the flop”) are dealt face up on the table. The dealer receives 3 hole cards face down until showdown.
3. **ARRANGE:** The player splits the 4 hole cards into two 2-card Hold’em hands (Hand 1 and Hand 2). Cards stay face up while arranging so they can be read and moved. The arrangement locks when the player taps Deal.
4. **RAISE:** After seeing the flop and the arranged hands, the player may Check (no extra chips) or Raise $2 \times$ the blind on each hand individually. Raise is flop-only. There is no fold. Deal locks the split and any raises together and deducts the extra chips.
5. **SHOWDOWN:** The turn and river are dealt together, face up. The dealer reveals their 3 hole cards and uses at most 2 of those 3 (combined with the 5 community cards) to form one 5-card poker hand. That hand is compared separately to Hand 1 and Hand 2. A win returns $2 \times$ the bet on that hand (even money). A push returns the bet. A loss returns nothing.

4. User Conduct & Prohibited Activities

To maintain a fair, fun, and competitive environment, you agree not to:

- Use unauthorized cheats, bots, automation scripts, hacks, or exploits.
- Transfer, sell, trade, or buy accounts or Virtual Items for real-world currency outside of authorized App Store channels.
- Reverse engineer, decompile, or attempt to extract source code, trademarked concepts, or patent-protected mechanics from the App.
- Harass, abuse, or engage in toxic behavior toward other players in community features or chats.

Violations of these conduct rules may result in immediate temporary or permanent suspension of your account without notice or compensation.

5. In-App Purchases & Virtual Items

- **Purchases:** You may purchase Virtual Items (e.g., chip packs, cosmetic avatars) through Apple's In-App Purchase system. All transactions are final and managed directly by Apple Inc.
- **Non-Refundable:** Virtual Items are licensed to you, not sold. They cannot be refunded or exchanged for real money except as required by applicable law or Apple's standard store policies.

6. Disclaimers & Limitation of Liability

- **"As-Is" Service:** The App is provided on an "AS IS" and "AS AVAILABLE" basis without warranties of any kind, either express or implied.
- **Practice vs. Real Gambling:** Practice or success at social casino gaming does not imply future success at real-money gambling.
- **Limitation of Liability:** To the maximum extent permitted by applicable law, Wayne Chiang shall not be liable for any indirect, incidental, special, or consequential damages resulting from your use or inability to use the App.

7. Governing Law

These Terms are governed by and construed in accordance with the laws of the United States and the state of Nevada, without regard to conflict of law principles.
